

HOME AGAIN Modular Mountain Retreat

Elm Court Wrap Up - The final visit to Elm Court begins with a tour of the upstairs guest suites. Bob and Sonya Berle explain how they designed each room, and the inspiration for décor and color choices. The media room has been finished off with Smith and Noble window treatments, and Whirlpool appliances have been installed in the laundry room. At the end of the hall, the master bedroom suite is also getting some final design and décor touches. (airs Mar 1-7) [View Show Summary](#)
